CALI vinyl legends Diamondhead

The New Wave in Vinyl

Legends delivers everything you love about a real hardwood plank, captured in high-performance, waterproof luxury vinyl. With detailed textures and rich wood tones, boards fill rooms with natural charm and offer a range of colors made to uplift any home. At 60" long by 9" wide and ½" thick, boards are thicker than your average vinyl plank, making them especially sturdy, and commercial-friendly. All that, plus a 20 mil protective wear layer for sandy feet and paws makes this reimagined vinyl the best value per square foot.

Available Colors

Saltwater Oak

Uprush

Dawn Patrol

Laguna Sands

Diamondhead

Golden Hour

Outrigger Oak

King Tide

CALL VINYL Legends Outrigger Oak

Get Thicker

A big practical advantage of Legends is the full half inch thickness of each board. A thicker floor not only better mimics hardwood, it also negates the need to change or cut existing baseboards and door jambs when replacing carpet, tile, or traditional wood.

Colors to Escape To

A palette with no wrong choices, Legends offers a variety of colors ranging from deeper, rustic wood tones to light, clear naturals. Authentic grains and specialized texturing get this luxury vinyl about as close to real hardwood as you can get.

Easy to Install & Clean

Click-lock planks make for projects that require no nails or glue. And once the floors are down, they're simple to keep looking like new with a 100% waterproof construction and pet-friendly wear layer for improved scratch protection.

Accessories

Construction	100% Waterproof (WPC Composite)
Milling	Click-Lock
Grain	Light wood grain
Plank Length	60"
Plank Width	9"
Plank Thickness	12mm
