Expand Your Dimensions

Longer, broader, and better looking than ever. That's the gist of Cali Vinyl® Longboards™. The coastal-inspired collection offers extra large planks for more natural looking floors that install even faster and create spaces that feel more open and serene. Our hardwood visuals are so authentic, you'll wonder if you're standing on actual timber. Planks are 100% waterproof and geared for commercial grade durability with a GeoCore® limestone composite foundation. An ultra-thick 20mil wear layer delivers scratch protection from all the pets, kids, and party-people in your life, while built-in acoustic padding offers boosted sound insulation.

Available Colors

Made for the Soak Zone

100% waterproof planks are exactly that, meaning Cali Vinyl can be installed in every room including kitchens, bathrooms, and basements. This also makes for easy cleaning!

Authenticity You Can Touch

Longboards Collection floors don't just look like hardwood; they feel like hardwood, with specialized knot and grain embossing that matches up with what you see.

GeoCore: Bad to the Bone

This backbone of limestone composite resists indentation and delivers 50% better dimensional stability (less expansion and contraction), requiring no acclimation or transition pieces.
